BADAL SINGH

Frontend Developer | React.js & Next.js | TypeScript

Dashrathpuri, 110045, New Delhi, India | +919451482168 | badalrkt23@gmail.com | LinkedIn | GitHub | Portfolio

PROFESSIONAL SUMMARY

Frontend-focused developer with 2+ years of experience (including a 6-month internship) building enterprise web applications with React.js, Next.js, TypeScript and Tailwind CSS. Experienced in REST API integration, component-driven development with Storybook, and code-quality practices such as SonarQube-compliant refactoring. Promoted from Associate Software Engineer to Full Stack Developer in September 2026, with working knowledge of Node.js and Express.js. Seeking Frontend Developer and React/Next.js Developer roles.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3

Frontend: React.js, Next.js, Tailwind CSS, Responsive Design, Server-Side Rendering (SSR), Progressive Web Apps (PWA)

Tools & Workflow: Git, Jira, Storybook, SonarQube, Vercel

API & Backend (working knowledge): REST APIs, Node.js, Express.js, MongoDB (Mongoose), JWT Auth

Familiar With: Adobe Experience Manager (AEM), Frontend Testing Tools

Currently Practicing: Data Structures & Algorithms in JavaScript (LeetCode/ NeetCode)

PROFESSIONAL EXPERIENCE

Software Engineer (Full Stack) Sept 2026 – Present
Suretek Infosoft Pvt Ltd| Noida, India

- Promoted from Associate Software Engineer to take on full-stack responsibilities alongside frontend work.
- Continue to build and maintain enterprise web application features with React.js, Next.js and TypeScript.

Associate Software Engineer Apr 2025 – Sept 2026
Suretek Infosoft Pvt Ltd Noida, India

- Built the linked-bookings functionality for the Phase 2 cruise booking feature of an enterprise web application.
- Refactored nested ternary logic in React (JSX) into helper functions with early-return patterns to meet SonarQube code-quality rules and improve readability.
- Integrated backend REST APIs into frontend screens and handled application data flow.
- Developed and maintained reusable UI components using Storybook; collaborated with the team through Git and Jira in an Agile workflow.

Software Engineer Intern Oct 2024 – Mar 2025
Suretek Infosoft Pvt Ltd | Noida, India

- Worked on frontend tasks using JavaScript, React.js, HTML and CSS under senior developers' guidance.
- Learned team development workflows including Git version control and Jira ticket tracking.

PROJECTS

Personal Portfolio Website Next.js, TypeScript, Tailwind CSS

- Built a four-page portfolio site with Next.js, TypeScript and Tailwind CSS, deployed on Vercel.
- Implemented Progressive Web App support: web manifest, Serwist service worker, iOS install banners and standalone display mode.
- Created a scroll-animated career timeline using IntersectionObserver, and an animated selection sort visualizer driven by a custom React hook.

Expense Manager Application (In Progress) Next.js, Node.js, Express.js, MongoDB, JWT

- Building an expense management app that fetches users' daily transactions to show monthly spending analysis.
- Developed REST API authentication with bcrypt password hashing, JWT tokens stored in httpOnly cookies, 30-minute expiry with 401 handling, and protected endpoints.

DSA Practice in JavaScript (Ongoing) JavaScript, LeetCode, GitHub

- Solving LeetCode problems in JavaScript, one solution file per problem, tracked in a GitHub repository.

EDUCATION

Master of Computer Applications (MCA) – Pursuing | Indira Gandhi National Open University (IGNOU)

Bachelor of Computer Applications (BCA) | Indira Gandhi National Open University (IGNOU)
